

CMA Training Program

What Is CMA?

It is a globally recognized professional certification in management accounting. Focuses on advanced skills in accounting and financial management such as financial planning, analysis, control, and decision support. Additionally Improves strategic thinking: CMAs can explain the «why» behind the numbers. Aswell concentrates on the future and on strengthening the strategy.

What Is a Certified Management Accountant (CMA)?

Certified management accountant (CMA) is an accounting designation that signifies expertise in financial accounting and strategic management. The professionals who obtain this designation are informally known as CMAs and are qualified for a variety of roles ranging from financial controller to chief financial officer (CFO).
